SOLDIERS ON GUARD AT CAIRO

CITY IS QUIET AFTER THE OUT-BREAK.

Sheriff Nellis Gives His Version of the Affair—Says Mob Fired First.

Cairo, Ill., Feb. 19.—With three companies of militia guarding the court house and jail under direct supervision of Adj. Gen. Frank S. Dickson of Springfield, this city settled down to night to a complete quiet after a strenuous twenty-four hours and the authorities believe they have the situation well in hand. There are many scattered groups of men about the streets and in the vicinity of the jail, but no crowd is allowed to congregate.

Sheriff Threatened.

Threats have been made against Sheriff Fred D. Nellis for the killing of Alexander Halliday early this morning by his deputies, and for the wounding of four others in battling back the mob that attempted to lynch a negro purse-snatcher, but presence of the soldiers is having a salutary effect in preventing further demonstrations.

A third company was asked by the sheriff this afternoon, and Company M of Champaign was ordered out and arrived here at 6:30 o'clock.

Negro Sentenced.

John Pratt, the negro the mob intended to lynch and who was given an indeterminate sentence of not more than fourteen years in the Chester penitentiary on each of two charges of robbery this afternoon, will be taken secretly to the prison at 5 o'clock tomorrow with twelve other convicted prisoners, in a special train. His removal, it is believed, will remove the last apprehension of another assault on the jail.

Lincoln Wilson, arrested as a suspected companion of Pratt, was released tonight. The grand jury failed to return an indictment against him.

Mob Fired First.

A stray shot fired by a member in the mob was the direct cause of the volley from the deputies guarding the jail, which laid several of its members low, according to Sheriff Nellis' version of the attack.

"I was standing on the front porch of the courthouse, parleying with the mob, which was demanding that I give up Pratt," he said tonight, "when some one fired a shot in the crowd."

"My deputies, watching the parley from a second story window, thought I fired a shot as a signal. They then fired a volley into the air."

"The mob refused to retreat, and my deputies then fired into the crowd. You know the result. My conscience is easy over the entire affair. They were determined to get me unless I got them. I did my duty by protecting my prisoner at any price."

Office Contested.

Former Sheriff Frank Davis, who was ousted from office by Gov. Owen after the lynching of William James, a negro, and Henry Ralsner, a white man, last November, is suing to oust Nellis from the office, claiming that the law under which he was ousted is unconstitutional.

"I may have paid a pretty good price to hold a job I may lose in the courts," said Nellis tonight.

A dozen broken windows in the courthouse today showed the result of the shots fired into the building by the mob, but no serious damage was done.

Sheriff Nellis received a slight flesh wound in the hand. All the party with him in the jail escaped injury.

Negroes Deputies.

There were six negroes in the party of fourteen armed deputies that defended the jail with Nellis, he says. His party numbered about twenty, but there were not guns enough to go around. Nellis had great difficulty in enlisting deputies, and the negroes were immediately pressed into service, he says, because he did not get enough white men to serve.

Despite this explanation, he is being criticised for deputizing negroes to fire on whites and the malcontents are using the incident as an argument for further demonstrations.

COM. PEARY MUST SHOW UP

The House Demands That He Show to the World That He Discovered the Pole.

Washington, D. C., Feb. 19.—Members of the house may demand that Robert E. Peary exhibit his proofs to the world in general before voting him a gold medal, and the thanks of congress. It was learned today that the naval committee was not entirely unanimous on the proposition of bestowing honors upon the discoverer of the pole.

One of the leaders of the house, who declined to allow the use of his name, said today that he was opposed to accepting the proofs of Mr. Peary, merely because the National Geographical Society had accepted them. He charged a preconceived prejudice in favor of Peary on the part of the society, and said that before congress took this step, the verdict of this society should be confirmed by other scientific bodies of the world.

Several members have expressed opposition to the proposed Peary honors and one or two have threatened to discuss vigorously the matter on the floor if it is brought there.

SIXTH CAPITOL WITNESS DIES.

Heart Disease Latest Strange Fatality in Harrisburg Scandal.

Harrisburg, Pa., Feb. 19.—The strange fatality that has pursued some of the principal figures in the capitol scandal was again brought to public mind today when John E. Scott, one of the chief witnesses in the celebrated case, was found dead in the bathroom of the house where he made his home while in Harrisburg.

He is the sixth man in the case to die. His death was due to heart trouble.

Scott was secretary to the board of public grounds and buildings which let many of the contract acts for furnishing the capitol that brought more than a dozen men to the bar of justice. He was a witness in two trials and was to take the stand in the case of Joseph M. Huston, architect of the capitol, whose trial will come up next month.

Two of the six men who died were under a two-years' sentence, one was awaiting trial and two were important witnesses. Besides these, one of the many men under indictment has been confined in an insane asylum.

MURDERER PLACED IN JAIL

Butner Man Who Killed Seminole County Farmer Surrenders to Sheriff.

Wewoka, Okla., Feb. 19.—Will Bethell, the Butner man who shot and killed J. E. Dyer after a quarrel over a piece of land was placed in jail at Wewoka. Bethell went to Okemah from where he induced a deputy to accompany him to Shawnee where he gave himself up to the sheriff who had been telephoned to meet him there.

The sheriff went to Shawnee as requested, met the men and took charge of Bethell, arriving here with his prisoner at 1 o'clock Monday. Bethell was escorted to the county jail where he is now awaiting trial. Ed Bethell, who was arrested last week and placed in jail on a charge of assisting a fugitive from justice, has been released on his own recognizance and will be given a preliminary hearing February 22.

BARREL OF MAIL IN OCEAN.

Halifax, N. S., Feb. 19.—Because
the cable between Magdalen islands
and Cape North is broken and will
not be repaired until warm weather
sets in, the inhabitants of the islands
have resorted to the ancient way of
transmitting their messages and mail.

A heavy barrel, containing be-
tween thirty and forty letters sealed
in cans, was picked up on the
Cape Breton coast yesterday by per-
sons living near the shore. The let-
ters were received by the postoffice
authorities today and sent to their
addresses. The tides carried the bar-
rel sixty miles across the Gulf St.
Lawrence in ten days.

GOV. HASKELL IS THE QUESTIONER

REPRESENTATIVE MARKS IS
PLACED ON STAND.

Executive Quizzes Him—Seeks Infor-
mation on Which Charges
Are Based.

Guthrie, Ok., Feb. 19.—Lester A.
Marks, the republican representative
from Ponca City, Kay county, who filed
charges alleging improper expendi-
ture of state funds through the gov-
ernor's office, was placed upon the
stand by Gov. Haskell before the
house investigating committee and
closely questioned as to the source
of the information upon which the
charges were based and motives for
making the charges. It developed that
the formal charges had been pre-
pared in legal form by Judge John
H. Burford, former Chief Justice
of the Territorial Supreme Court and
attorney for the republican state
committee.

Gov. Haskell declared to the wit-
ness (Marks) that Judge Burford was
an attorney of the Standard Oil com-
pany. He made it appear that Judge
Burford had been inspired in draw-
ing up the charges because, the Gov-
ernor stated, some of the money over
the disbursement of which complaint
was being made had been used to
"investigate Judge Burford's client,
the Standard Oil company."

Marks stated that he knew nothing
of such alleged connection.

Apparently with a view to reveal-
ing who are members of what Gov.
Haskell has declared to be the "Non-
partisan Knockers' Club," he closely
interrogated the witness about alleged
conferences held with "persons other
than republican members of the leg-
islature."

Judging from former utterances,
the governor had in mind certain
democratic members of the legisla-
ture, although specific reference to
them was not made during the hear-
ing.

Mars Takes Oath.

Mr. Marks took the oath and be-
came a witness at the instance of the
governor, the latter applying the
questions. These were often long
and embodied statements of the mat-
ter surrounding expenditures of the
state's money, practically as made by
the governor in his testimony yester-
day. At times they suggested an
argument from his side of the case,
causing Mr. Clark to frequently sug-
gest that Mr. Marks and not the gov-
ernor was on the witness stand.

After identifying himself, Marks told
the governor he had made the
charges and believed them to be true.
The matter first came into the wit-
ness' mind when the Durham sub-
stitute for the Ross resolution was
adopted and he, with other republi-
can members, concluded that charges
would have to be filed if an investi-
gation was made. The matter was
talked over in Republican caucuses,
when Senator Cloonan of Adair coun-
ty and Representative Humphreys
and himself, the witness said, were
appointed a committee to look at the
official records and ascertain what
could be found. The facts so found
were then laid before the republican
caucus and given to Judge Burford
for arrangement as to sequence and
in legal form, following which Mr.
Marks stated that he made the oath
which is attached to the official cop-

"The Pathfinder" Is Off The Press

The first number of "The Pathfind-
er" has just been issued from the
Evening News press.

The Pathfinder is the monthly mag-
azine published by the students of
the East Central State Normal and
the initial number shows it to be a
very creditable publication. It con-
tains thirty pages exclusive of the
covers, eight of which are advertis-
ing. Two pages are occupied by il-
lustrations, one of President Chas.
W. Briles of the normal and the
other the high school building, where
the normal is being conducted, await-
ing the completion of the normal
building.

The remaining twenty pages are
devoted to the following departments,
Editorial, German, Y. M. C. A., Local,
Athletics, Pleasantries and the school
faculty.

The staff of the magazine is as

ies on file with the committee.

"Is Burford a member of the leg-
islature?" asked the governor.

"He is not," replied the witness.

"Since the governor has shown his
hand," hotly retorted the attorney,
"I withdraw my objection so that to
the fullest extent the governor may
show his spleen."

The witness then stated that he
saw Judge Burford since the charges
were signed and had talked to many
people.

"That doesn't answer the question"
said the governor, "to whom have you
talked other than republican mem-
bers, Burford and Harris?"

"I have been in conference with
no one else."

"I mean when you met them in
the hotel lobbies or rooms."

"No one in particular. I talked to
the people here as I met them, and
to the people in Ponca City."

"You had people to see Lawler;
you sent Clark there?"

"I did not send Mr. Clark there;
he did go, however, but without re-
quest from me."

"You say that no one in sympathy
with your movement has been to see
Lawler?"

"Not that I am aware of," answer-
ed Marks. "I did mention the matter
to Speaker Wilson about getting Law-
ler here to give testimony and sug-
gested that a subpoena be issued
from the speaker, which might have
more effect than a document from
the committee. The speaker thought,
however, the matter should be left
with the committee."

Marks stated that Judge Burford
had made no suggestion as to what
the charges should contain. It had
been suggested in caucus that Judge
Burford should be paid for drawing
the charges, witness said, but he did
not know whether this was done.

Payment to Lawler.

The governor asked the witness if
he (the witness) thought that pay-
ments made to Lawler from the \$5-
000 fund set aside for investigating
Territorial affairs was a misappropri-
ation of funds, causing Marks to an-
swer that his affidavit was at the
end of the document and would speak
for itself.

Mr. Clark objected upon the ground
that the witness stated that he swore
to the charges and that the affidavit
was there.

Mr. Wortman, acting as chairman,
overruled the objection.

Mr. Clark continued that under the
Oklahoma law, pleading is admitted
unless the allegations are denied un-
der oath, in which connection it will
be recalled the answer filed by the
governor to the charges had not been
sworn to.

The governor replied that the alle-
gations had been denied by himself
on the witness stand and there un-
der oath.

The attorney replied that evidence
had nothing to do with pleading, and
restated that the pleadings had not
been denied under oath. This brought
the governor to his feet, saying that
when he prepared his answer to the
Marks charges he was aware that the
charges had no standing in law,
but that he did not care to be tech-
nical.

Mr. Clark then stated that if the
governor was willing to make a de-
nial under oath, he would withdraw
the objection.

"Well, who does the swearing
here?" put in the governor: "I want
to be so sworn."

"Now, I want Marks to swear to
his charges," followed the governor.

Burford's Expenditures.

The governor then took up expendi-
tures he alleged had been made by
Judge Burford, while the latter was
chief justice of the territorial su-
preme court, the affairs of the Cap-

itol National bank, through which
the territory lost 20,000, and which
the governor said had been recovered
in a suit to the amount of \$11,00, and
all other charges made by Marks,
wanting to know from the witness if
he did not think the governor was
justified in ferreting out the facts.

The witness agreed, but added that
he saw no necessity of hiring a de-
tective to do it, particularly when
the legislature had not contemplated
such employment. The information
upon which charges were based, wit-
ness said, had been gathered from
reports of State Examiner and In-
spector Taylor. Conclusions of the
complainant that the money had been
illegally expended, were based upon
the appropriation bills, which, he
said, were specific in mentioning
what employment was authorized,
and since these employments or au-
thority to use the money had been
specifically mentioned, he thought
they ran to the exclusion of all oth-
ers. He stated that he found no war-
rant anywhere for the governor hir-
ing detectives.

Ohio Matters.

Marks did not think it would have
been improper to send Smith to Ohio
to investigate the Standard Oil com-
pany, providing that 'was what he
went for, and it would not have been
improper for him to have given brief
attention to any of the governor's
private business while away. When
it came to the fee paid Major Hutch-
ings of Muskogee—\$500 for an opin-
ion on the questions of state capital
removal and suffrage additions to the
constitution—Marks said that it was
his opinion such matter should have
been referred to the attorney gen-
eral.

"Suppose the attorney general re-
sided in one of the towns interested,"
queried the governor.

"I believe the attorney general of
sufficient integrity that his residence
in Guthrie would have made no dif-
ference."

"I quite agree with you, but sup-
pose the attorney general was
swamped with work," continued the
governor.

"He should have been able to give
attention to a matter of such im-
portance," came the answer.

"But suppose he was tied up in the
Federal court with large cases," pur-
sued the governor.

Assistants Paid.

"He has four assistants in his of-
fice paid to give attention to the
state's work," said Mr. Marks, add-
ing that he did not know, as the
governor later suggested, that it was
a rule of the Attorney general's of-
fice to hold all opinions until the at-
torney general can be present and
see them. In the judgment of the wit-
ness the attorney general, however,
was the proper person to render leg-
al opinions to the state.

Here the examination reached the
salary being paid John Flenner in
Washington and desiring to examine
some papers the governor began feel-
ing for his eye glasses.

"Here governor, I will loan you
mine," remarked Mr. Clark, with a
twinkle in his eye.

"I would hate to use your glasses
Clark; you don't see things right,"
shot the governor, and everybody
laughed at the attorney's expense.

The complainant had the same ob-
jection to the employment of Flen-
ner in Washington, as the appropri-
ation was for extra help in the gov-
ernor's office, and he thought that
the employment of representative
Anthony as private secretary was a
violation of the expressed terms of
the constitution.

SUIT AGAINST OLD TIM HURLEY

WITNESSES IN TRIAL RETURN
FROM PAULS VALLEY.

Believe That They Will Yet Recover
Several Thousand Dollars—Suit
at Pauls Valley.

Judges C. A. Galbraith and Jas. W. Bolen returned today from Pauls Valley, where they were representing C. M. Chauncey, W. J. Reed, Albert Nettles, C. H. Evans and others in a suit they had brought against John Hale, Oklahoma City capitalist, for eight or ten thousand dollars, on account of goods sold to Tim Hurley, O. C. railroad contractor, for whom the defendant Hale is alleged to have been financially responsible, since when Tim's Ada creditors attached his mules and grading outfits, which represented his business stability, capitalist Hale comes in with a mortgage on all Tim's stuff and says, ha, ha, you Ada suckers will have to wait until I get my money, the small amount of about \$27,000 before you can get in. When the Ada creditors of Tim had attached his teams, Guy Carney was made receiver and he had a good job feeding for a while, but later Mr. Hale tells Judge Dickinson, that he has a mortgage on all the teams and got an order to Carney to turn the stock over to him; but before Mr. Hale got the stock, he made a bond that if the law said that the Ada creditors of Tim had a first right to the stock, then he would have to pay all their losses or Tim's indebtedness.

On account of the supposed prejudice in Ada against Tim Hurley, the old O. C. contractor and capitalist Hale, whom it is believed by some, stood in with Hurley in a scheme to defraud, the case was transferred to Pauls Valley, on a change of venue, and consumed the best part of this week in trial. Ada witnesses returned from the trial express much confidence that Judges Bolen and Galbraith will win out and that yet Messrs. Reed, Chauncey will wear a smile that won't come off.

STOCKINGS COST WOMAN LIFE

Reaching Over Stove, Clothing Ignites and Quickly Burns.

Philadelphia, Feb. 19.—Reaching across a hot stove after a pair of stockings Mrs. E. M. Munyan, 48 years old, of 2930 High street, Camden, whose husband died but two weeks ago, set fire to her dress and was so badly burned that she died before a physician could arrive. After supper Mrs. Munyan placed damp stockings back of the stove so that they could be used later in the evening. She had been talking to three of her children and a minute after she left the table the children were startled to see their mother enveloped in flames. They called for help and attracted the attention of Mrs. John Kuenzle of 2936 High street, whose hands were badly burned in extinguishing the fire on Mrs. Munyan's clothing.

Several other persons and buildings of the town were affected by the lightning.

No other damage is reported in the county.

It was an interesting game from start to finish and until the last held the attention of the audience. Both teams showed the benefit of the hard training they have gone through since the previous game they played.

The girls from Sulphur are to be complimented for their good work, although they could not penetrate the locals fine defense. The feature of the game was the scoring of eight field goal by the normal girls.

INDIAN MURDERER PARDONED.

Detroit, Mich., Feb. 19.—With "the great white plague" menacing his life, David Byington, a Chickasaw Indian, left the Detroit house of correction today to join his sister on a 160-acre farm in Oklahoma, allotted to him by the government since his sentence to life imprisonment in 1897 for murder.

Byington's pardon came from President Taft last night, and was due to the precarious condition of his health. The young Chickasaw was 17 years old when convicted of assisting two other Indians in the murder of a white man, and he was received at the Detroit prison in July, 1897.

RUNS HIS CAB IN A FIRE.

Brave Man in Electric Crane Sticks, Probably at Fatal Cost.

Pittsburg, Feb. 19.—In a fiery cage high above the heads of hundreds of workmen in the Duquesne Steel Works Elmer Mewherter, 24 years old, run his big electric crane from one end of the building 200 yard before he reached a station where fellow employees could rescue him.

Memberter had the alternative of jumping forty feet to the floor of the building, but preferred to stick to the crane. He was unconscious when the workmen took him out of the cage and sent him to the McKeesport hospital.

The cab in which Mewherter operated his crane became ignited. He was at one end of the building and started his machine toward the other end. As the crane ran slowly along, the flames spread rapidly, and when he reached a station, workmen saw Mewherter fall unconscious. He was sent to a hospital, but cannot recover.

POWDER EXPLOSION KILLS 2

Four Are Injured—Accident Occurred on Farm Near Hillsboro, Texas.

Hillsboro, Tex., Feb. 19.—An explosion of blasting powder in the home of George L. Hite, about seven miles south of here Thursday afternoon at 3 o'clock, caused the death several hours later of their daughter and son, aged, respectively, 6 and 4 years, also seriously burning Mrs. Hite and two others of their children, the mother being reported today as in a very critical condition. Mr. Hite's hands were slightly burned. An infant in its cradle escaped injury and the house was not damaged.

For the purpose of drying the powder, which he intended using for blasting in the construction of a storm cellar, Mr. Hite had placed it near a fire and either the heat from the fire or a spark caused the powder to explode, which ignited the clothing of his wife and the four children.

The clothing of the two who died was almost entirely burned off and they died within a short while. The family is highly esteemed. Mr. Hite being a prominent farmer in his community. The funeral and interment of the children took place this afternoon.

TILLMAN IS VERY SICK MAN

Little Hope Held Out for His Recovery—Family Has Been Called to Bedside.

Washington, Feb. 19.—Senator B. F. Tillman of South Carolina, whose bare truths have so often made the senate cringe, is lying unable to speak as the result of progressive paralysis. There is so little hope of his recovery that members of his family not in Washington have been called to his bedside.

There was great apprehension in his case because of his having suffered a stroke of paralysis three years ago, from which he had never fully recovered. At that time he dropped all work and went with Mrs. Tillman to Europe.

Senator Tillman was taken ill on Wednesday. It was only a slight dizziness, and had it not been for the previous attack would not have given serious alarm. After resting in his room for an hour he went home, but grew steadily worse. According to the statement of his physician Senator Tillman is suffering from a blood clot formed by a leakage of blood in the brain caused by calcification of the arteries. Unless this clot is absorbed there is little hope of recovery. His condition tonight is very grave.

30 YEARS OF SUCCESS.

The B. M. Hyde Co. Offer a Remedy for Catarrh—The Medicine Costs Nothing If It Fails.

When a medicine effects a successful treatment in a very large majority of cases, and when we offer that medicine on our own personal guarantee that it will cost the user nothing if it does not completely relieve catarrh, it is only reasonable that people should believe us, or at least put our claim to a practical test when we take all the risk. These are facts which we want the people to substantiate. We want them to try Rexall Mucu-Tone, a medicine prepared from a prescription of a physician with whom catarrh was a specialty, and who has a record of thirty years of enviable success to his record.

We receive more good reports about Rexall Mucu-Tone than we do of all other catarrh remedies sold in our store, and if more people only knew what a thoroughly dependable remedy Rexall Mucu-Tone is, it would be the only catarrh remedy we would have any demand for.

Rexall Mucu-Tone is quickly absorbed and by its therapeutic effect tends to disinfect and cleanse the entire mucous membrane tract, to destroy and remove the parasites which injure the membranous tissues, to soothe the irritation and heal the soreness, stop the mucous discharge, build up strong, healthy tissue and relieve the blood and system of diseased matter. Its influence is toward stimulating the mucous cells, aiding digestion and improving nutrition until the whole body vibrates with healthy activity. In a comparatively short time it brings about a noticeable gain in weight, strength, good color and feeling of buoyancy.

We urge you to try Rexall Mucu-Tone, beginning a treatment today. At any time you are not satisfied, simply come and tell us, and we will quickly return your money without question or quibble. We have Rexall Mucu-Tone in two sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Ada only at our Store—The Rexall Store. The Wm & Mays Co., West Main St.

The City and The Country are Bound Together By The Telephone Line

TELEPHONING TO THE COUNTRY

The farmer and his family use the rural telephone constantly, calling up each other and the market town on all sorts of matters and for all sorts of supplies and information.

City people also find the rural telephone of great advantage. A traveler from his room in the hotel talks with the farm folks miles away. Without the telephone he could not reach them.

The farmer himself may travel far and still talk home over the Long Distance Lines of the Bell System.

SOLDIERS ON GUARD AT CAIRO

CITY IS QUIET AFTER THE OUT-BREAK.

Sheriff Nellis Gives His Version of the Affair—Says Mob Fired First.

Cairo Ill. Feb 19.—With three companies of militia guarding the court house and jail under direct supervision of Adj. Gen. Frank S. Dickson of Springfield this city settled down to night to a complete quiet after a strenuous twenty-four hours and the authorities believe they have the situation well in hand. There are many scattered groups of men about the streets and in the vicinity of the jail but no crowd is allowed to congregate.

Sheriff Threatened.

Threats have been made against Sheriff Fred D. Nellis for the killing of Alexander Haliday early this morning by his deputies and for the wounding of four others in battling back the mob that attempted to lynch a negro nurse snatcher, but presence of the soldiers is having a salutary effect in preventing further demonstrations.

A third company was asked by the sheriff this afternoon and Company M of Champaign was ordered out and arrived here at 6:30 o'clock.

Negro Sentenced.

John Pratt the negro the mob intended to lynch and who was given an indeterminate sentence of not more than fourteen years in the Chester penitentiary on each of two charges of robbery this afternoon will be taken secretly to the prison at 5 o'clock tomorrow with twelve other convicted prisoners in a special train. His removal it is believed will remove the last apprehension of another assault on the jail.

Lincoln Wilson arrested as a suspected companion of Pratt was released tonight. The grand jury failed to return an indictment against him.

Mob Fired First.

A stray shot fired by a member in the mob was the direct cause of the volley from the deputies guarding the jail which laid several of its members low, according to Sheriff Nellis version of the attack.

I was standing on the front porch of the courthouse parleying with the mob which was demanding that I give up Pratt, he said tonight when some one fired a shot in the crowd.

My deputies watching the parley from a second story window thought I fired a shot as a signal. They then fired a volley into the air.

The mob refused to retreat and my deputies then fired into the crowd. You know the result. My conscience is easy over the entire affair. They were determined to get me unless I got them. I did my duty by protecting my prisoner at any price.

Office Contested.

Former Sheriff Frank Davis who was ousted from office by Gov. Osceola after the lynching of William James a negro and Henry Ralsner a white man last November is suing to oust Nellis from the office claiming that the law under which he was ousted is unconstitutional.

I may have paid a pretty good price to hold a job I may lose in the courts, said Nellis tonight.

A dozen broken windows in the courthouse today showed the result of the shots fired into the building by the mob but no serious damage was done.

Sheriff Nellis received a slight flesh wound in the hand. All the party with him in the jail escaped injury.

Negroes Deputies.

There were six negroes in the party of fourteen armed deputies that defended the jail with Nellis, he says. His party numbered about twenty, but there were not guns enough to go around. Nellis had great difficulty in enlisting deputies and the negroes were immediately pressed into service, he says, because he did not get enough white men to serve.

Despite this explanation, he is being criticized for deputizing negroes to fire on whites and the malcontents are using the incident as an argument for further demonstrations.

COM. PEARY MUST SHOW UP

The House Demands That He Show to the World That He Discovered the Pole.

Washington D. C. Feb 19.—Members of the house may demand that Robert E. Peary exhibit his proofs to the world in general before voting him a gold medal and the thanks of congress. It was learned today that the naval committee was not entirely unanimous on the proposition of bestowing honors upon the discoverer of the pole.

One of the leaders of the house who declined to allow the use of his name said today that he was opposed to accepting the proofs of Mr. Peary merely because the National Geographical Society had accepted them. He charged a preconceived prejudice in favor of Peary on the part of the society and said that before congress took this step the verdict of this society should be confirmed by other scientific bodies of the world.

Several members have expressed opposition to the proposed Peary honors and one or two have threatened to discuss vigorously the matter on the floor if it is brought there.

SIXTH CAPITOL WITNESS DIES.

Heart Disease Latest Strange Fatality in Harrisburg Scandal.

Harrisburg, Pa. Feb 19.—The strange fatality that has pursued some of the principal figures in the capitol scandal was again brought to public mind today when John E. Scott one of the chief witnesses in the celebrated case, was found dead in the bathroom of the house where he made his home while in Harrisburg.

He is the sixth man in the case to die. His death was due to heart trouble.

Scott was secretary to the board of public grounds and buildings which let many of the contract acts for furnishing the capitol that brought more than a dozen men to the bar of justice. He was a witness in two trials and was to take the stand in the case of Joseph M. Huston architect of the capitol whose trial will come up next month.

Two of the six men who died were under a two-years' sentence, one was awaiting trial and two were important witnesses. Besides these, one of the many men under indictment has been confined in an insane asylum.

MURDERER PLACED IN JAIL

Butner Man Who Killed Seminole County Farmer Surrenders to Sheriff.

Wewoka Okla. Feb 19.—Will Bethell the Butner man who shot and killed J. E. Dyer after a quarrel over a piece of land was placed in jail at Wewoka. Bethell went to Okemah from where he induced a deputy to accompany him to Shawnee where he gave himself up to the sheriff who had been telephoned to meet him there.

The sheriff went to Shawnee as requested met the men and took charge of Bethell arriving here with his prisoner at 1 o'clock Monday. Bethell was escorted to the county jail where he is now awaiting trial. Ed Bethell who was arrested last week and placed in jail on a charge of assisting a fugitive from justice has been released on his own recognizance and will be given a preliminary hearing February 22.

BARREL OF MAIL IN OCEAN.

Halifax, N. S., Feb. 19.—Because
the cable between Magdalen islands
and Cape North is broken and will
not be repaired until warm weather
sets in, the inhabitants of the islands
have resorted to the ancient way of
transmitting their messages and mail.
A heavy barrel, containing be-
tween thirty and forty letters sealed
in cans, was picked up on the
Cape Breton coast yesterday by per-
sons living near the shore. The let-
ters were received by the postoffice
authorities today and sent to their
addresses. The tides carried the bar-
rel sixty miles across the Gulf St.
Lawrence in ten days.

GOV. HASKELL IS THE QUESTIONER

REPRESENTATIVE MARKS IS
PLACED ON STAND.

Executive Quizzes Him—Seeks Infor-
mation on Which Charges
Are Based.

Guthrie, Ok., Feb. 19.—Lester A.
Marks, the republican representative
from Ponca City, Kay county, who filed
charges alleging improper expendi-
ture of state funds through the gov-
ernor's office, was placed upon the
stand by Gov. Haskell before the
house investigating committee and
closely questioned as to the source
of the information upon which the
charges were based and motives for
making the charges. It developed that
the formal charges had been pre-
pared in legal form by Judge John
H. Burford, former Chief Justice of
the Territorial Supreme Court and
attorney for the republican state
committee.

Gov. Haskell declared to the wit-
ness (Marks) that Judge Burford was
an attorney of the Standard Oil com-
pany. He made it appear that Judge
Burford had been inspired in draw-
ing up the charges because, the Gov-
ernor stated, some of the money over
the disbursement of which complaint
was being made had been used to
"investigate Judge Burford's client,
the Standard Oil company."

Marks stated that he knew nothing
of such alleged connection.
Apparently with a view to reveal-
ing who are members of what Gov.
Haskell has declared to be the "Non-
partisan Knockers' Club," he closely
interrogated the witness about alleged
conferences held with "persons other
than republican members of the leg-
islature."

Judging from former utterances,
the governor had in mind certain
democratic members of the legisla-
ture, although specific reference to
them was not made during the hear-
ing.

Marks Takes Oath.

Mr. Marks took the oath and be-
came a witness at the instance of the
governor, the latter applying the
questions. These were often long
and embodied statements of the mat-
ter surrounding expenditures of the
state's money, practically as made by
the governor in his testimony yester-
day. At times they suggested an
argument from his side of the case,
causing Mr. Clark to frequently sug-
gest that Mr. Marks and not the gov-
ernor was on the witness stand.

After identifying himself, Marks told
the governor he had made the
charges and believed them to be true.
The matter first came into the wit-
ness' mind when the Durham sub-
stitute for the Ross resolution was
adopted and he, with other republi-
can members, concluded that charges
would have to be filed if an investi-
gation was made. The matter was
talked over in republican caucuses,
when Senator Cloonan of Adair coun-
ty and Representative Humphreys
and himself, the witness said, were
appointed a committee to look at the
official records and ascertain what
could be found. The facts so found
were then laid before the republican
caucus and given to Judge Burford
for arrangement as to sequence and
in legal form, following which Mr.
Marks stated that he made the oath
which is attached to the official cop-

"The Pathfinder" Is Off The Press

The first number of "The Pathfind-
er" has just been issued from the
Evening News press.

The Pathfinder is the monthly mag-
azine published by the students of
the East Central State Normal and
the initial number shows it to be a
very creditable publication. It con-
tains thirty pages exclusive of the
covers, eight of which are advertis-
ing. Two pages are occupied by il-
lustrations, one of President Chas.
W. Briles of the normal and the
other the high school building, where
the normal is being conducted, await-
ing the completion of the normal
building.

The remaining twenty pages are
devoted to the following departments:
Editorial, German, Y. M. C. A. Local,
Athletics, Pleasantries and the school
faculty.

The staff of the magazine is as
follows:

ies on file with the committee.

"Is Burford a member of the leg-
islature?" asked the governor.
"He is not," replied the witness.

"Since the governor has shown his
hand," hotly retorted the attorney,
"I withdraw my objection so that to
the fullest extent the governor may
show his spleen."

The witness then stated that he
saw Judge Burford since the charges
were signed and had talked to many
people.

"That doesn't answer the question"
said the governor, "to whom have you
talked other than republican mem-
bers, Burford and Harris?"

"I have been in conference with
no one else."

"I mean when you met them in
the hotel lobbies or rooms."

"No one in particular. I talked to
the people here as I met them, and
to the people in Ponca City."

"You had people to see Lawler;
you sent Clark there?"

"I did not send Mr. Clark there;
he did go, however, but without re-
quest from me."

"You say that no one in sympathy
with your movement has been to see
Lawler?"

"Not that I am aware of," answered
Marks. "I did mention the matter to
Speaker Wilson about getting Law-
ler here to give testimony and sug-
gested that a subpoena be issued
from the speaker, which might have
more effect than a document from
the committee. The speaker thought,
however, the matter should be left
with the committee."

Marks stated that Judge Burford
had made no suggestion as to what
the charges should contain. It had
been suggested in caucus that Judge
Burford should be paid for drawing
the charges, witness said, but he did
not know whether this was done.

Payment to Lawler.

The governor asked the witness if
he (the witness) thought that pay-
ments made to Lawler from the \$5-
000 fund set aside for investigating
Territorial affairs was a misappropri-
ation of funds, causing Marks to an-
swer that his affidavit was at the
end of the document and would speak
for itself.

Mr. Clark objected upon the ground
that the witness stated that he swore
to the charges and that the affidavit
was there.

Mr. Wortman, acting as chairman,
overruled the objection.

Mr. Clark continued that under the
Oklahoma law, pleading is admitted
unless the allegations are denied un-
der oath, in which connection it will
be recalled the answer filed by the
governor to the charges had not been
sworn to.

The governor replied that the alle-
gations had been denied by himself
on the witness stand and there un-
der oath.

The attorney replied that evidence
had nothing to do with pleading, and
repeated that the pleadings had not
been denied under oath. This brought
the governor to his feet, saying that
when he prepared his answer to the
Marks charges he was aware that the
charges had no standing in law,
but that he did not care to be tech-
nical.

Mr. Clark then stated that if the
governor was willing to make a de-
nial under oath, he would withdraw
the objection.

"Well, who does the swearing
here?" put in the governor: "I want
to be sworn."

"Now, I want Marks to swear to
his charges," followed the governor.

Burford's Expenditures.

The governor then took up expendi-
tures he alleged had been made by
Judge Burford, while the latter was
chief justice of the territorial su-
preme court, the affairs of the Cap-

gence, yet we will say that we can-

itol National bank, through which
the territory lost 20,000, and which
the governor said had been recovered
in a suit to the amount of \$11,00, and
all other charges made by Marks,
wanting to know from the witness if
he did not think the governor was
justified in ferreting out the facts.

The witness agreed, but added that
he saw no necessity of hiring a de-
tective to do it, particularly when
the legislature had not contemplated
such employment. The information
upon which charges were based, wit-
ness said, had been gathered from
reports of State Examiner and In-
spector Taylor. Conclusions of the
complainant that the money had been
illegally expended, were based upon
the appropriation bills, which, he
said, were specific in mentioning
what employment was authorized,
and since these employments or au-
thority to use the money had been
specifically mentioned, he thought
they ran to the exclusion of all others.
He stated that he found no war-
rant anywhere for the governor hiring
detectives.

Ohio Matters.

Marks did not think it would have
been improper to send Smith to Ohio
to investigate the Standard Oil com-
pany, providing that was what he
went for, and it would not have been
improper for him to have given brief
attention to any of the governor's
private business while away. When
it came to the fee paid Major Hutch-
ings of Muskogee—\$500 for an op-
inion on the questions of state capital
removal and suffrage additions to the
constitution—Marks said that it was
his opinion such matter should have
been referred to the attorney gen-
eral.

"Suppose the attorney general re-
sided in one of the towns interested,"
queried the governor.

"I believe the attorney general of
sufficient integrity that his residence
in Guthrie would have made no dif-
ference."

"I quite agree with you, but sup-
pose the attorney general was
swamped with work," continued the
governor.

"He should have been able to give
attention to a matter of such im-
portance," came the answer.

"But suppose he was tied up in the
Federal court with large cases," pur-
sued the governor.

Assistants Paid.

"He has four assistants in his of-
fice paid to give attention to the
state's work," said Mr. Marks, add-
ing that he did not know, as the
governor later suggested, that it was
a rule of the Attorney general's of-
fice to hold all opinions until the at-
torney general can be present and
see them. In the judgment of the wit-
ness the attorney general, however,
was the proper person to render legal
opinions to the state.

Here the examination reached the
salary being paid John Flenner in
Washington and desiring to examine
some papers the governor began feel-
ing for his eye glasses.

"Here governor, I will loan you
mine," remarked Mr. Clark, with a
twinkle in his eye.

"I would hate to use your glasses
Clark; you don't see things right,"
shot the governor, and everybody
laughed at the attorney's expense.

The complainant had the same ob-
jection to the employment of Flen-
ner in Washington, as the appropri-
ation was for extra help in the gov-
ernor's office, and he thought that
the employment of representative
Anthony as private secretary was a
violation of the expressed terms of
the constitution.

SUIT AGAINST OLD TIM HURLEY

WITNESSES IN TRIAL RETURN FROM PAULS VALLEY.

Believe That They Will Yet Recover Several Thousand Dollars—Suit at Pauls Valley.

Judges C A Galbraith and Jas W Bolen returned today from Pauls Valley, where they were representing C M Chauncey, W J Reed, Albert Nettles, C H Evans and others in a suit they had brought against John Hale, Oklahoma City capitalist, for eight or ten thousand dollars, on account of goods sold to Tim Hurley, O C railroad contractor, for whom the defendant Hale is alleged to have been financially responsible, since when Tim's Ada creditors attached his mules and grading outfits, which represented his business stability, capitalist Hale comes in with a mortgage on all Tim's stuff and says ha, ha you Ada suckers will have to wait until I get my money, the small amount of about \$27,000 before you can get in When the Ada creditors of Tim had attached his teams, Guy Carney was made receiver and he had a good job feeding for a while, but later Mr Hale tells Judge Dickinson, that he has a mortgage on all the teams and got an order to Carney to turn the stock over to him, but before Mr Hale got the stock, he made a bond that if the law said that the Ada creditors of Tim had a first right to the stock, then he would have to pay all their losses or Tim's indebtedness

On account of the supposed prejudice in Ada against Tim Hurley, the old O C contractor and capitalist Hale, whom it is believed by some, stood in with Hurley in a scheme to defraud, the case was transferred to Pauls Valley, on a change of venue, and consumed the best part of this week in trial

Ada witnesses returned from the trial express much confidence that Judges Bolen and Galbraith will win out and that yet Messrs Reed Chauncey will wear a smile that won't come off

SOLDIERS ON GUARD AT CAIRO

CITY IS QUIET AFTER THE OUT-BREAK.

Sheriff Nellis Gives His Version of the Affair—Says Mob Fired First.

Cairo, Ill. Feb. 19.—With three companies of militia guarding the court house and jail under direct supervision of Adj. Gen. Frank S. Dickson of Springfield this city settled down to night to a complete quiet after a strenuous twenty-four hours and the authorities believe they have the situation well in hand. There are many scattered groups of men about the streets and in the vicinity of the jail but no crowd is allowed to congregate.

Sheriff Threatened. Threats have been made against Sheriff Fred D. Nellis for the killing of Alexander Hudday early this morning by his deputies and for the wounding of four others in battling back the mob that attempted to lynch a negro purse snatcher, but presence of the soldiers is having a salutary effect in preventing further demonstrations.

A third company was asked by the sheriff this afternoon and Company M of Champaign was ordered out and arrived here at 6:30 o'clock.

Negro Sentenced. John Pratt, the negro the mob intended to lynch and who was given an indeterminate sentence of not more than fourteen years in the Chester penitentiary on each of two charges of robbery this afternoon will be taken secretly to the prison at 5 o'clock tomorrow with twelve other convicted prisoners in a special train. His removal it is believed will remove the last apprehension of another assault on the jail.

Lincoln Wilson arrested as a suspected companion of Pratt was released tonight. The grand jury failed to return an indictment against him.

Mob Fired First. A stray shot fired by a member in the mob was the direct cause of the volley from the deputies guarding the jail which laid several of its members low, according to Sheriff Nellis version of the attack.

I was standing on the front porch of the courthouse parleying with the mob which was demanding that I give up Pratt, he said tonight when some one fired a shot in the crowd.

My deputies watching the parley from a second story window thought I fired a shot as a signal. They then fired a volley into the air.

The mob refused to retreat and my deputies then fired into the crowd. You know the result. My conscience is easy over the entire affair. They were determined to get me unless I got them. I did my duty by protecting my prisoner at any price.

Office Contested. Former Sheriff Frank Davis who was ousted from office by Gov. Owen after the lynching of William James a negro and Henry Ralsner a white man last November is suing to oust Nellis from the office claiming that the law under which he was ousted is unconstitutional.

I may have paid a pretty good price to hold a job I may lose in the courts, said Nellis tonight.

A dozen broken windows in the courthouse today showed the result of the shots fired into the building by the mob but no serious damage was done.

Sheriff Nellis received a slight flesh wound in the hand. All the party with him in the jail escaped injury.

Negroes Deputies. There were six negroes in the party of fourteen armed deputies that defended the jail with Nellis, he says. His party numbered about twenty, but there were not guns enough to go around. Nellis had great difficulty in enlisting deputies and the negroes were immediately pressed into service, he says, because he did not get enough white men to serve.

Despite this explanation, he is being criticised for deputizing negroes to fire on whites and the malcontents are using the incident as an argument for further demonstrations.

Washington D. C. Feb. 19.—Members of the house may demand that Robert E. Peary exhibit his proofs to the world in general before voting him a gold medal and the thanks of congress. It was learned today that the naval committee was not entirely unanimous on the proposition of bestowing honors upon the discoverer of the pole.

One of the leaders of the house who declined to allow the use of his name said today that he was opposed to accepting the proofs of Mr. Peary merely because the National Geographical Society had accepted them. He charged a preconceived prejudice in favor of Peary on the part of the society and said that before congress took this step the verdict of this society should be confirmed by other scientific bodies of the world.

Several members have expressed opposition to the proposed Peary honors and one or two have threatened to discuss vigorously the matter on the floor if it is brought there.

SIXTH CAPITOL WITNESS DIES.

Heart Disease Latest Strange Fatality in Harrisburg Scandal.

Harrisburg, Pa. Feb. 19.—The strange fatality that has pursued some of the principal figures in the capitol scandal was again brought to public mind today when John E. Scott, one of the chief witnesses in the celebrated case, was found dead in the bathroom of the house where he made his home while in Harrisburg.

He is the sixth man in the case to die. His death was due to heart trouble.

Scott was secretary to the board of public grounds and buildings which let many of the contract acts for furnishing the capitol that brought more than a dozen men to the bar of justice. He was a witness in two trials and was to take the stand in the case of Joseph M. Huston, architect of the capitol whose trial will come up next month.

Two of the six men who died were under a two-years' sentence, one was awaiting trial and two were important witnesses. Besides these, one of the many men under indictment has been confined in an insane asylum.

BARREL OF MAIL IN OCEAN.

Reaches Destination in Ten Days, Go-

Halifax, N. S., Feb. 19.—Because
the cable between Magdalen islands
and Cape North is broken and will
not be repaired until warm weather
sets in, the inhabitants of the islands
have resorted to the ancient way of
transmitting their messages and mail.
A heavy barrel, containing be-
tween thirty and forty letters sealed
in cans, was picked up on the
Cape Breton coast yesterday by per-
sons living near the shore. The let-
ters were received by the postoffice
authorities today and sent to their
addresses. The tides carried the bar-

GOV. HASKELL IS THE QUESTIONER

REPRESENTATIVE MARKS IS
PLACED ON STAND.

Executive Quizzes Him—Seeks Infor-
mation on Which Charges
Are Based.

Guthrie, Ok., Feb. 19.—Lester A.
Marks, the republican representative
from Ponca City, Kay county, who filed
charges alleging improper expendi-
ture of state funds through the gov-
ernor's office, was placed upon the
stand by Gov. Haskell before the
house investigating committee and
closely questioned as to the source
of the information upon which the
charges were based and motives for
making the charges. It developed that
the formal charges had been pre-
pared in legal form by Judge John
H. Burford, former Chief Justice
of the Territorial Supreme Court and
attorney for the republican state
committee.

Gov. Haskell declared to the wit-
ness (Marks) that Judge Burford was
an attorney of the Standard Oil com-
pany. He made it appear that Judge
Burford had been inspired in draw-
ing up the charges because, the gov-
ernor stated, some of the money over
the disbursement of which complaint
was being made had been used to
"investigate Judge Burford's client,
the Standard Oil company."

Marks stated that he knew nothing
of such alleged connection.

Apparently with a view to reveal-
ing who are members of what Gov.
Haskell has declared to be the "Non-
partisan Knockers' Club," he closely
interrogated the witness about alleged
conferences held with "persons other
than republican members of the leg-
islature."

Judging from former utterances,
the governor had in mind certain
democratic members of the legisla-
ture, although specific reference to
them was not made during the hear-
ing.

Mars Takes Oath.

Mr. Marks took the oath and be-
came a witness at the instance of the
governor, the latter applying the
questions. These were often long
and embodied statements of the mat-
ter surrounding expenditures of the
state's money, practically as made by
the governor in his testimony yester-
day. At times they suggested an
argument from his side of the case,
causing Mr. Clark to frequently sug-
gest that Mr. Marks and not the gov-
ernor was on the witness stand.

After identifying himself, Marks told
the governor he had made the
charges and believed them to be true.
The matter first came into the wit-
ness' mind when the Durham sub-
stitute for the Ross resolution was
adopted and he, with other republi-
can members, concluded that charges
would have to be filed if an investi-
gation was made. The matter was
talked over in republican caucuses,
when Senator Cloonan of Adair coun-
ty and Representative Humphreys
and himself, the witness said, were
appointed a committee to look at the
official records and ascertain what
could be found. The facts so found
were then laid before the republican
caucus and given to Judge Burford
for arrangement as to sequence and
in legal form, following which Mr.
Marks stated that he made the oath
which is attached to the official cop-

"The Pathfinder" Is Off The Press

The first number of "The Pathfind-
er" has just been issued from the
Evening News press.

The Pathfinder is the monthly mag-
azine published by the students of
the East Central State Normal and
the initial number shows it to be a
very creditable publication. It con-
tains thirty pages exclusive of the
covers, eight of which are advertis-
ing. Two pages are occupied by il-
lustrations, one of President Chas.
W. Briles of the normal and the
other the high school building, where
the normal is being conducted, await-
ing the completion of the normal
building.

The remaining twenty pages are
devoted to the following departments,
Editorial, German, Y. M. C. A., Local
Athletics, Pleasuries and the school
faculty.

The staff of the magazine is as
follows:

ett.

ies on file with the committee.

"Is Burford a member of the leg-
islature?" asked the governor.

"He is not," replied the witness.

"Since the governor has shown his
hand," hotly retorted the attorney,
"I withdraw my objection so that to
the fullest extent the governor may
show his spleen."

The witness then stated that he
saw Judge Burford since the charges
were signed and had talked to many
people.

"That doesn't answer the question,"
said the governor, "to whom have you
talked other than republican mem-
bers, Burford and Harris?"

"I have been in conference with
no one else."

"I mean when you met them in
the hotel-lobbies or rooms?"

"No one in particular. I talked to
the people here as I met them, and
to the people in Ponca City."

"You had people to see Lawler;
you sent Clark there?"

"I did not send Mr. Clark there;
he did go, however, but without re-
quest from me."

"You say that no one in sympathy
with your movement has been to see
Lawler?"

"Not that I am aware of," answer-
ed Marks. "I did mention the matter
to Speaker Wilson about getting Law-
ler here to give testimony and sug-
gested that a subpoena be issued
from the speaker, which might have
more effect than a document from
the committee. The speaker thought,
however, the matter should be left
with the committee."

Marks stated that Judge Burford
had made no suggestion as to what
the charges should contain. It had
been suggested in caucus that Judge
Burford should be paid for drawing
the charges, witness said, but he did
not know whether this was done.

Payment to Lawler.

The governor asked the witness if
he (the witness) thought that pay-
ments made to Lawler from the \$5-
000 fund set aside for investigating
Territorial affairs was a misappropri-
ation of funds, causing Marks to an-
swer that his affidavit was at the
end of the document and would speak
for itself.

Mr. Clark objected upon the ground
that the witness stated that he swore
to the charges and that the affidavit
was there.

Mr. Wortman, acting as chairman,
overruled the objection.

Mr. Clark continued that under the
Oklahoma law, pleading is admitted
unless the allegations are denied un-
der oath, in which connection it will
be recalled the answer filed by the
governor to the charges had not been
sworn to.

The governor replied that the alle-
gations had been denied by himself
on the witness stand and there un-
der oath.

The attorney replied that evidence
had nothing to do with pleading, and
restated that the pleadings had not
been denied under oath. This brought
the governor to his feet, saying that
when he prepared his answer to the
Marks charges he was aware that
the charges had no standing in law,
but that he did not care to be tech-
nical.

Mr. Clark then stated that if the
governor was willing to make a de-
nial under oath, he would withdraw
the objection.

"Well, who does the swearing
here?" put in the governor. "I want
to be so sworn."

"Now, I want Marks to swear to
his charges," followed the governor.
Burford's Expenditures.

The governor then took up expendi-
tures he alleged had been made by
Judge Burford, while the latter was
chief justice of the territorial su-
preme court, the affairs of the Cap-

Without stating whether or not we
agree with them in their confession
that they need sympathy and indul-
gence, yet we will say that we can-
not find it in our hearts to turn a
deaf ear to their plaintive and touch-
ing appeal. We are therefore willing
to extend our hearty sympathy and
indulgence to our esteemed contem-

itol National bank, through which
the territory lost 20,000, and which
the governor said had been recovered
in a suit to the amount of \$11,00, and
all other charges made by Marks,
wanting to know from the witness if
he did not think the governor was
justified in ferreting out the facts.

The witness agreed, but added that
he saw no necessity of hiring a de-
tective to do it, particularly when
the legislature had not contemplated
such employment. The information
upon which charges were based, wit-
ness said, had been gathered from
reports of State Examiner and In-
spector Taylor. Conclusions of the
complainant that the money had been
illegally expended, were based upon
the appropriation bills, which, he
said, were specific in mentioning
what employment was authorized,
and since these employments or au-
thority to use the money had been
specifically mentioned, he thought
they ran to the exclusion of all oth-
ers. He stated that he found no war-
rant any where for the governor hir-
ing detectives.

Ohio Matters.

Marks did not think it would have
been improper to send Smith to Ohio
to investigate the Standard Oil com-
pany, providing that was what he
went for, and it would not have been
improper for him to have given brief
attention to any of the governor's
private business while away. When
it came to the fee paid Major Hutch-
ings of Muskogee—\$500 for an op-
inion on the questions of state capital
removal and suffrage additions to the
constitution—Marks said that it was
his opinion such matter should have
been referred to the attorney gen-
eral.

"Suppose the attorney general re-
sided in one of the towns interested,"
queried the governor.

"I believe the attorney general of
sufficient integrity that his residence
in Guthrie would have made no dif-
ference."

"I quite agree with you, but sup-
pose the attorney general was
swamped with work," continued the
governor.

"He should have been able to give
attention to a matter of such im-
portance," came the answer.

"But suppose he was tied up in the
Federal court with large cases," pur-
sued the governor.

Assistants Paid.

"He has four assistants in his of-
fice paid to give attention to the
state's work," said Mr. Marks, add-
ing that he did not know, as the
governor later suggested, that it was
a rule of the Attorney general's of-
fice to hold all opinions until the at-
torney general can be present and
see them. In the judgment of the wit-
ness the attorney general, however,
was the proper person to render legal
opinions to the state.

Here the examination reached the
salary being paid John Flenner in
Washington and desiring to examine
some papers the governor began feel-
ing for his eye glasses.

"Here governor, I will loan you
mine," remarked Mr. Clark, with a
twinkle in his eye.

"I would hate to use your glasses,
Clark; you don't see things right,"
shot the governor, and everybody
laughed at the attorney's expense.

The complainant had the same ob-
jection to the employment of Flen-
ner in Washington, as the appropri-
ation was for extra help in the gov-
ernor's office, and he thought that
the employment of representative
Anthony as private secretary was a
violation of the expressed terms of
the constitution.

SUIT AGAINST OLD TIM HURLEY

WITNESSES IN TRIAL RETURN
FROM PAULS VALLEY.

Believe That They Will Yet Recover
Several Thousand Dollars—Suit
at Pauls Valley.

Judges C A Galbraith and Jas W
Bolen returned today from Pauls Val-
ley, where they were representing
C M Chauncey, W J Reed, Albert
Nettles, C H Evans and others in a
suit they had brought against John
Hale, Oklahoma City capitalist, for
eight or ten thousand dollars, on ac-
count of goods sold to Tim Hurley,
O C railroad contractor, for whom
the defendant Hale is alleged to have
been financially responsible, since
when Tim's Ada creditors attached
his mules and grading outfits, which
represented his business stability,
capitalist Hale comes in with a
mortgage on all Tim's stuff and says
ha, ha you Ada suckers will have
to wait until I get my money, the
small amount of about \$27,000 before
you can get in When the Ada credi-
tors of Tim had attached his teams,
Guy Carney was made receiver and
he had a good job feeding for a
while, but later Mr Hale tells Judge
Dickinson, that he has a mortgage on
all the teams and got an order to
Carney to turn the stock over to him,
but before Mr Hale got the stock,
he made a bond that if the law said
that the Ada creditors of Tim had
a first right to the stock, then he
would have to pay all their losses
or Tim's indebtedness

On account of the supposed prej-
udice in Ada against Tim Hurley, the
old O C contractor and capitalist
Hale, whom it is believed by some,
stood in with Hurley in a scheme
to defraud, the case was trans-
ferred to Pauls Valley, on a change
of venue, and consumed the best
part of this week in trial

Ada witnesses returned from the
trial express much confidence that
Judges Bolen and Galbraith will win
out and that yet Messrs Reed
Chauncey will wear a smile that
won't come off

The City and The Country are Bound
Together By The Telephone Line

TELEPHONING TO THE COUNTRY

The farmer and his family use the rural telephone constantly, calling up each other and the market town on all sorts of matters and for all sorts of supplies and information.

City people also find the rural telephone of great advantage. A traveler from his room in the hotel talks with the farm folks miles away. Without the telephone he could not reach them.

The farmer himself may travel far and still talk home over the Long Distance Lines of the Bell System.

BURNS HIS CAB IN A FIRE.
Brave Man in Electric Crane Sticks, Probably at Fatal Cost.
Pittsburg, Feb. 19.—In a fiery cage high above the heads of hundreds of workmen in the Duquesne Steel Works Elmer Mewherter, 24 years old, ran his big electric crane from one end of the building 200 yard before he reached a station where fellow employees could rescue him.

Memberher had the alternative of jumping forty feet to the floor of the building, but preferred to stick to the crane. He was unconscious when the workmen took him out of the cage and sent him to the McKeesport hospital.

The cab in which Mewherter operated his crane became ignited. He was at one end of the building and started his machine toward the other end. As the crane ran slowly along, the flames spread rapidly, and when he reached a station, workmen saw Mewherter fall unconscious. He was sent to a hospital, but cannot recover.

POWDER EXPLOSION KILLS 2
Four Are Injured—Accident Occurred on Farm Near Hillsboro, Texas.

Hillsboro, Tex., Feb. 19.—An explosion of blasting powder in the home of George L. Hite, about seven miles south of here Thursday afternoon at 3 o'clock, caused the death several hours later of their daughter and son, aged, respectively, 6 and 4 years, also seriously burning Mrs. Hite and two others of their children, the mother being reported today as in a very critical condition. Mr. Hite's hands were slightly burned. An infant in its cradle escaped injury and the house was not damaged.

For the purpose of drying the powder, which he intended using for blasting in the construction of a storm cellar, Mr. Hite had placed it near a fire and either the heat from the fire or a spark caused the powder to explode, which ignited the clothing of his wife and the four children.

The clothing of the two who died was almost entirely burned off and they died within a short while. The family is highly esteemed. Mr. Hite being a prominent farmer in his community. The funeral and interment of the children took place this afternoon.

TILLMAN IS VERY SICK MAN

Little Hope Held Out for His Recovery—Family Has Been Called to Bedside.

Washington, Feb. 19.—Senator B. F. Tillman of South Carolina, whose bare truths have so often made the senate cringe, is lying unable to speak as the result of progressive paralysis. There is so little hope of his recovery that members of his family not in Washington have been called to his bedside.

There was great apprehension in his case because of his having suffered a stroke of paralysis three years ago, from which he had never fully recovered. At that time he dropped all work and went with Mrs. Tillman to Europe.

Senator Tillman was taken ill on Wednesday. It was only a slight dizziness, and had it not been for the previous attack would not have given serious alarm. After resting in his room for an hour he went home, but grew steadily worse. According to the statement of his physician Senator Tillman is suffering from a blood clot formed by a leakage of blood in the brain caused by calcification of the arteries. Unless this clot is absorbed there is little hope of recovery. His condition tonight is very grave.

30 YEARS OF SUCCESS.

The B. M. Hyde Co. Offer a Remedy for Catarrh—The Medicine Costs Nothing if It Fails.

When a medicine effects a successful treatment in a very large majority of cases, and when we offer that medicine on our own personal guarantee that it will cost the user nothing if it does not completely relieve catarrh, it is only reasonable that people should believe us, or at least put our claim to a practical test when we take all the risk. These are facts which we want the people to substantiate. We want them to try Rexall Mucuo-Tone, a medicine prepared from a prescription of a physician with whom catarrh was a specialty, and who has a record of thirty years of enviable success to his credit.

We receive more good reports about Rexall Mucuo-Tone than we do of all other catarrh remedies sold in our store, and if more people only knew what a thoroughly dependable remedy Rexall Mucuo-Tone is, it would be the only catarrh remedy we would have any demand for.

Rexall Mucuo-Tone is quickly absorbed and by its therapeutic effect tends to disinfect and cleanse the entire mucous membrane tract, to destroy and remove the parasites which injure the membrane tissues, to soothe the irritation and heal the soreness, stop the mucous discharge, build up strong, healthy tissue and relieve the blood and system of diseased matter. Its influence is toward stimulating the mucous cells, aiding digestion and improving nutrition until the whole body vibrates with healthy activity. In a comparatively short time it brings about a noticeable gain in weight, strength, good color and feeling of buoyancy.

We urge you to try Rexall Mucuo-Tone, beginning a treatment today. At any time you are not satisfied, simply come and tell us, and we will quickly return your money without question or quibble. We have Rexall Mucuo-Tone in two sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Ada only at our Store—The Rexall Store. The Wm. & Mays Co., West Main St.
